Letter of recommendation

To whom it may concern,

...  
with this letter I would like to expressly recommend Julia Wagner.

Julia Wagner has been studying communication design at the Department of Design at Darmstadt University of Applied Sciences since the winter semester 2015/16. During her advanced studies I got to know her as a participant in my courses 'History and Theory of Design' and 'Aesthetic Theory'.

I came to know Julia Wagner in particular in a theoretical seminar on the 100th anniversary of Bauhaus. After this she participated with great effort in a Multidisciplinary Project called „Bauwhat?!“ where we searched for new forms of design and design education. We are currently working on a new project together as peers in a team of six designers, architects and sound engineers, further exploring what design education could mean in the future.

...  
While working with Julia on the „Bauwhat?!“ project I noticed her to be extraordinarily attentive, energetic and responsible. She proved to be a resource both on the organizational level as well as in the design process, always kept the big picture in sight and was able to motivate the group to reach their goals. Quickly grasping the strategy outlined by the project initiators, she was able to evolve said strategy while still moving in the right direction.

With her good sense for the community and the work climate within the group, she proved to be an asset and took the lead in exploring possibilities for the project.

Regarding the design process, she always had valuable input and a do-not-quit mentality that benefited both the team spirit as well as the outcome of the project. Julia has a good sense for when to question proposals and ideas in order to gain more depth and quality and when to trust the workflow of the group.

I strongly trust in Julia's abilities and know I can depend on her, which is why we are currently working on a new project together. I highly recommend working with Julia. I would be very pleased to hear that you have chosen her.

Please do not hesitate to contact me in case you have any questions.

With kind regards,

A handwritten signature in black ink, appearing to read 'F. Walzel', written in a cursive style.
